ECO EGGS

Nature-Inspired

**GET BACK
YOUR
ESSENTIAL
VITAMINS!**

Our Eco Eggs are produced by Eco Hens fed with 100% certified organic feed imported from Europe. The results are Eco Eggs enriched with multivitamins, minerals, iron and Omega-3, protective agents against free radicals and cancer.

- 100% Vegetarian-fed • Non-GMO (Genetically Modified Organisms) diet
 - Free of pesticides, antibiotics and growth promoters
- High levels of 9 essential amino acids • Supports mental health
 - Helps prevent cancer and cell damage

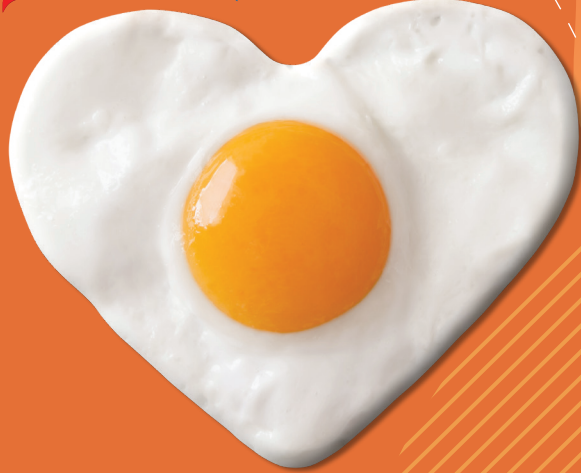

100%
Certified Organic Feed

COF means totally chemical-free

KEEP YOUR HEART MEGA HEALTHY!

Our Omega-3 Eggs come from chickens on a diet that's high in good fatty acids, such as flaxseed, marine algae and special oils. This increases the Omega-3 fatty acid content in the eggs.

- High in protein • Packed with vitamins and minerals
- Supports heart and brain functions • Strengthens the immune system
- Vital for infant eye and brain development • Supports a healthy diet during pregnancy • Low cholesterol

EGGS SO HYGIENIC YOU CAN EAT THEM RAW!

**We are the UAE's first and only producer of Pasteurised Eggs.
While they may look, cook and taste just like the other
eggs in the market, they are pasteurised with 100% safe
Korean, US, and UK patented technology.**

- Free from bacteria and viruses • Eliminates the risk of salmonella and cross-contamination • Safe for raw consumption
- Suitable for risk groups (diabetic patients, adults over 55 years, etc.)
Longer shelf life • Meets FDA standards
